## HANESBRANDS INC. REPORTS THIRD-QUARTER 2008 RESULTS

WINSTON-SALEM, N.C. (Oct. 29, 2008) - Hanesbrands Inc. (NYSE: HBI), a leading marketer of innerwear, outerwear and hosiery apparel, today reported results for the 2008 third quarter.

Total net sales in the quarter were unchanged at $\$ 1.15$ billion. Earnings per diluted share in the quarter were $\$ 0.17$. Excluding actions and the previously announced impact of a retailer bankruptcy, non-GAAP earnings per diluted share increased by 17 percent to $\$ 0.56$ as a result of reduced long-term debt, lower base interest rates, and lower income tax expense as a result of the company's global supply chain strategy.
"We continued our strategic execution in the third quarter and delivered comparable sales and solid earnings per share in a difficult environment," Hanesbrands Chief Executive Officer Richard A. Noll said. "We remain optimistic about our earnings potential for the fourth quarter due to favorability of expenses that may more than offset the challenges of higher commodity costs and an uncertain sales environment."

## Noteworthy Financial Highlights

Selected highlights for the quarter and nine months ended Sept. 27, 2008, compared with the year-ago periods ended Sept. 29, 2007, include:

- Total net sales in the quarter held steady at $\$ 1.15$ billion, increasing slightly. Sales increases in the innerwear and international segments were offset primarily by declines in the sheer hosiery segment and the other segment. The 2 percent sales increase in the innerwear segment was driven by strong Hanes male underwear sales. In the outerwear segment, Champion activewear sales increased by double-digits.
Total net sales for the nine-month period were down 3.1 percent to $\$ 3.21$ billion.
- GAAP earnings per diluted share in the quarter decreased by $\$ 0.23$ to $\$ 0.17$. This includes a $\$ 0.35$ reduction per diluted share for restructuring and related charges and $\$ 0.04$ per diluted share for the bankruptcy of Mervyn's, a regional retailer, which announced its liquidation plans after the end of the third quarter.

## Hanesbrands Inc. Reports Third-Quarter 2008 Results — Page 2

Excluding actions and the previously announced Mervyn's bankruptcy impact, non-GAAP diluted EPS increased by $\$ 0.08$ to $\$ 0.56$. Excluding actions only, non-GAAP diluted EPS increased by $\$ 0.04$ to $\$ 0.52$.

For the nine-month period, non-GAAP diluted EPS, excluding actions, increased by 23 percent to $\$ 1.59$.

- GAAP operating profit in the quarter was $\$ 58.2$ million, down $\$ 47.5$ million.

Non-GAAP operating profit, which excludes actions, declined by $\$ 13.1$ million in the quarter. The company was able to substantially offset significant increases of $\$ 12$ million of higher cotton costs and $\$ 7$ million of oil-related costs through continued benefits of cost-saving initiatives. SG\&A cost increases included $\$ 5.5$ million of bad debt expense due to the Mervyn's bankruptcy.

Non-GAAP operating profit margin excluding actions and the Mervyn's impact was 9.3 percent in the quarter versus 10.0 percent a year ago.
(Diluted EPS excluding actions, operating profit excluding actions, operating profit margin excluding actions and SG\&A excluding actions are non-GAAP measures used to better assess underlying business performance because they exclude the effect of unusual actions that are not directly related to operations. The unusual actions in the current or year-ago quarter were restructuring and related charges, amortization of gain on postretirement benefits, separation of pension plan assets and liabilities, nonrecurring spinoff and related charges, other expenses, and the tax effect on these items. See Table 4 for details and reconciliation with reported operating results consistent with generally accepted accounting principles.)

## Other Comments

Hanesbrands has informed retail customers that it is raising domestic prices effective mid-first quarter of 2009. The company is taking an average gross price increase of 4 percent for domestic product categories. The range of price increases will vary by product category.

Hanesbrands also has continued to strategically structure its debt and liquidity to execute its business strategies through the economic downturn and tight credit markets. At the end of the quarter, Hanesbrands had a $\$ 500$ million undrawn bank revolver and $\$ 86$ million in cash on its balance sheet.

The company has actively and strategically managed its debt structure since its spinoff to reduce costs and increase flexibility. Of the company's $\$ 2.3$ billion in long-term debt, the rates on $\$ 2.0$ billion, or 86 percent, have been fixed or capped. In the third quarter, Hanesbrands fixed the interest rate in July on $\$ 500$ million of floating-rate bonds for four years at 7.64 percent and in September capped LIBOR for $\$ 600$ million of floating-rate debt at 3.50 percent for one year. In October, the company fixed LIBOR on an additional $\$ 400$ million of floating-rate debt at 2.80 percent for two years.

## Hanesbrands Inc. Reports Third-Quarter 2008 Results — Page 3

The company expects 2008 full-year interest expense of approximately $\$ 155$ million, and in 2009 full-year interest expense is expected to decrease into an approximate range of $\$ 140$ million to $\$ 155$ million.

Hanesbrands continues to make significant progress in executing its global supply chain strategy of consolidating manufacturing into fewer, larger facilities in lower-cost countries. In the third quarter, the company announced plans to close nine plants in the Western Hemisphere.

In order to manage the supply chain transition in 2009, the company is on track to carry year-end inventory at the previously discussed $\$ 1.35$ billion level. The company's goal is to reduce inventory by $\$ 200$ million over the next 18 months as it completes its knits supply chain transition.

Hanesbrands continues to manage its capital expenditures. The company is projecting gross capital spending of $\$ 180$ million for the full year, offset by expected proceeds of $\$ 25$ million in property sales for net capital spending of $\$ 155$ million this year. The company is assessing needs and plans for next year but expects gross capital expenditure spending in the range of $\$ 115$ million to $\$ 135$ million.
"We are sharply focused on execution over the next 12 to 18 months and will manage expenses and inventories conservatively," Noll said. "Our goal is to come out of this economic environment as a stronger company using the strength of our brands, our ability to take pricing, and opportunities we have for further cost reductions."
